

For more than 30 years, PA Vent Camp has **maximized abilities and minimized disabilities**. We provide a ***week without limits*** to children and adults who require mechanical ventilation to breathe.

## Camps & Campers

### **TWO camps offered annually:**

**PA Vent Camp** is a traditional 5-day, 4-night summer camp for campers ages 5-18.

**Horizons** is a fall weekend retreat for adult campers ages 21+.

*Camps are hosted at Camp Victory (Millville, PA)  
([www.campvictory.org](http://www.campvictory.org))*

**Eligibility** – Campers must be dependent on ventilation, CPAP, or Bi-PAP for all or part of the day. Additionally, they must be able to understand and participate in camp activities, have a medical care plan that can be carried out in a camp setting, and arrange transportation to and from camp. *Learn more about the camps and camper eligibility at [www.pavenetcamp.org/campers](http://www.pavenetcamp.org/campers).*

The campground (Camp Victory) is well-equipped with accessible buildings, paved walkways, indoor plumbing (running hot/cold water), air-conditioned cabins with bunk beds and hospital beds, a medical shed, and a cafeteria that serves three delicious meals a day.

## Volunteers

PA Vent Camp is made possible thanks to a group of remarkable medical and non-medical volunteers that are committed to having fun and creating a memorable week for the campers. Volunteers help campers participate in all the activities the week has to offer, and more importantly, they work together to ensure all medical needs are met. ***All volunteers are required to complete a background check and other clearance checks before attending camp.***

*Learn more about the various volunteer roles at [www.paventcamp.org/volunteers](http://www.paventcamp.org/volunteers).*
